

CITY OF LAKESIDE PARK, KENTUCKY
PUBLIC WORKS COMMITTEE
MEETING MINUTES – MARCH 6, 2025

Attendance: Ms. Thamann, Mr. Landwehr, Mr. Bernheimer, Mayor Markgraf, Public Works Director Mr. Greer, City Engineer Mr. Hellman

Audience: no one present

The meeting was called to order.

City Engineer Martin Hellmann updated the committee concerning the sidewalk assessment project. Six bids were received for the Sidewalk Spot Replacement Project with TMS Construction as the lowest bidder at \$53,800.00. One bid was received for the Sidewalk Concrete Cutting Project from Precision Concrete Cutting at \$71,190.00. The bids will be reviewed and recommendations will be made for the Council meeting on March 10.

Mr. Greer commented that a certified arborist examined the trees that are affecting the sidewalks and recommended that two (2) be removed. After speaking with Mr. Hellings, he wished the tree to remain because of sentimental reasons and will waive any city liability necessary for it to remain.

Mr. Hellmann will contact Neyra Paving one last time regarding the 2024 Spot Repair Program invoice submitted by Neyra Paving.

Crestview Hills was proceeding with their sidewalk project, but nothing was affecting Lakeside Park at this time except for survey stakes marking right of way locations in our city.

No updates were provided for the Crestview Hills sidewalk extension, the Bellmonte resurfacing & curb project, the crosswalk project or the Dixie Highway bench project.

Five (5) bids were received for the 2025-26 Street Program with the low bidder being Humprey Concrete with a bid of 370,785.00. The bid will be reviewed and recommendations will be made for the Council meeting on March 10.

Mr. Greer updated the committee regarding the placement of the moveable radar speed sign to Arcadia Avenue.

He also advised the committee that our lawn care service would be provided by Precise Lawncare who services the City of Crestview Hills. Gregory Forrest Lester, Inc. will prune the trees under the city care rather than just shaping them as done in the past for the well-being of the trees. He also requested committee members to report any public works concerns to him or have their neighbors do the same.

Meeting adjourned.

Adopted 4/3, 2025.

Chair
